

**Restriction of Hazardous Substances - Directive 2002/95/EC
(RoHS)**

Herewith we confirm that for the manufacture of cable joints insulated with gel "**SHARK**" none of the substances (lead, chromium VI, mercury, PBB*, PBDE**) mentioned in Directive 200/95/EC (RoHS) are intentionally introduced.

Therefore they can be present in ubiquitous amounts only.

***PBB : polybrominated biphenyls**

****PBDE : polybrominated diphenylethers incl. pentabromodiphenyl ether and octabromodiphenyl ether (Directive 2003/11/EC)**
